PLUNGE INTO LUXURY WITH ALLCAST

Our History

Allcast Precast is recognised as the pioneer of concrete plunge pools and has been a major contributor to the plunge pool industry in Australia. Originally starting as a small family business focused on manufacturing water tanks in 1960, Allcast Precast has expanded with 'Allcast Plunge Pools' offerings a range of custom-designed plunge pools that are enjoyed by customers all across Australia today.

Designed to Perfection

Allcast Plunge Pools are manufactured under strict conditions at our factory and are transported to site where they are craned into the prepared area. The pools can be positioned in-ground or partially above ground and arrive at your doorstep completely tiled and finished, ready to plumb - in the same day and swim the next. They're quick to install, easy to maintain and are both heat and energy efficient, which makes the investment extremely cost effective.

*Guidelines for fencing requirements can be obtained from your local council.

Why Allcast?

Pioneers of Plunge - 60 Years Experience

For over 60 years, we have dedicated ourselves to refining our craft, continuously pushing the boundaries of design and engineering to create a stunning range of architecturally-designed plunge pools. Through our commitment to innovation and hard work, we have been able to establish ourselves as one of the leading plunge pool companies in the industry.

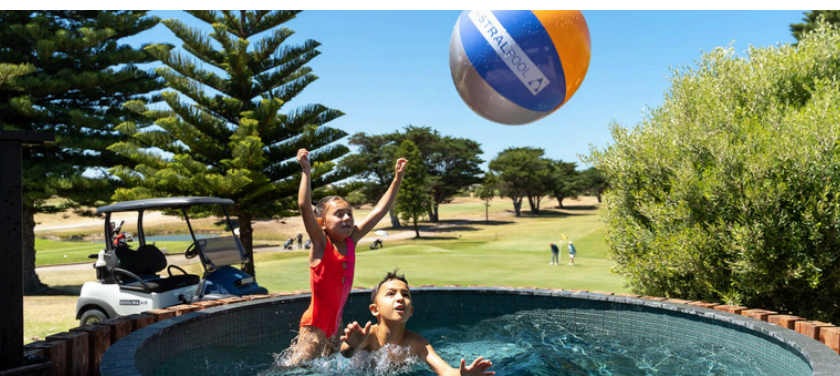

Value For Money - 25%-30% More Affordable

We have designed and produced an innovative range of deluxe plunge pools that are easy to install and are an affordable alternative to onsite pool construction. Homeowners now have the choice to include a luxury pool into a Turn-key home package and for it to be 25%-30% more affordable compared to other alternatives.

Exceptional Quality - Fully Tiled Pools

We offer a range of elegantly designed pools that are stringently engineered with a luxury finish. The Pool Shell is a fully reinforced 40Mpa concrete structure with a Tri-layer waterproofing system. Every pool has a designer, fully tiled finish that is complimented by our stunning range of ceramic pool tiles and a selection of luxurious natural coping stone to finish off our sleek and modern designed pools.

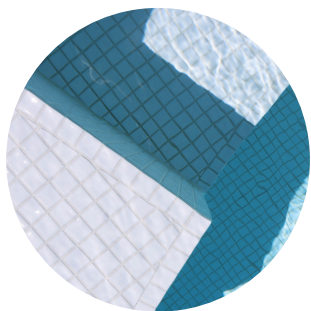

THE ALLCAST PLUNGE POOL SOLUTION
